# Building Community from Land to Table

## The Confluence

an online event collaboration between  
Women in Ranching<sup>↗</sup> and Good Meat Camp for Women<sup>↗</sup>

November  
11-13, 2021

300+  
Participants

13+ hours of  
Programming

**Western Landowners Alliance and the Good Meat Project have teamed up to gather together women working at every level of our meat supply chain, while also caring for land, animals and community. From women who are stewarding our rangelands to butchers and chefs who are working to build local meat economies in their communities, and everyone in between, we invite you to share knowledge, collaborate, and inspire one another over the course of two and half days.**

We've curated a virtual experience that will guide participants on a shared journey to increase our collective hope and impact. Each day at the Confluence, we'll step over fence lines and stretch our imaginations, with inspiring keynotes, presentations, networking sessions, and plenty of practical education. Expect a few surprises along the way.

**Practical

## Benefits of Sponsorship

- Support the next generation of working land stewards, butchers, chefs, and other women working in our food system.
- Reach a passionate audience of working land and food system pros.
- Mentions in all event marketing from the organizers up to and beyond the event, including in video promos and summary content.
- All sponsorship levels include a **virtual booth** where sponsors can introduce themselves, offer giveaways/discounts, show videos, and display links or other content.
